

Nrep, part of Urban Partners: Investment Intern Program 2026

Work with the largest
asset class in the world!

We are offering internships of 4 to 6 months during
spring and fall 2026 in our Helsinki office.

Nrep is a leading European private equity real estate investor with two decades of delivering attractive risk-adjusted returns and a solid commitment to driving change for people and planet. Nrep is part of Urban Partners that, with close to €23bn under management, invests in real estate assets, companies, technologies, and credit solutions.

Boost your analytical skillset and gain exposure to private equity investments while making a positive impact on the planet, investing with sustainability top of mind.

Your Role

The internship consists of working in one of the teams within our investment organization, supporting our professionals in sourcing and evaluating new investment opportunities, executing transactions, managing the existing portfolio, and developing our business.

During the internship, you will be a full-time member of our investment organization and participate in different phases of the investment lifecycle, supported by senior colleagues. This includes analysing specific markets, investment opportunities and/or existing portfolios, and contributing to decision-making.

Who Choose Us

- Work alongside and get mentoring from experienced professionals
- Get visibility to end-to-end investment process within PE and real estate
- Develop your analytical and presentation skills
- Join a growing, international company that is challenging the traditional players and driving change to create real impact in scale
- Enjoy a working culture that is described as relaxed, ambitious, open, and fun by our previous interns
- Engage in team activities and social gatherings
